

HCCA Minutes 20 May 2013

Charlotte Greenberg requested that we do outreach to members of Liberia and Washington Park CA's, to encourage them to join us for our mutual benefit.

Cliff Germano and Terry Cantrell were announced as co-winners of this year's Vollman award. Presentation will take place at City Hall on 19 June. Time will be announced. A small reception will be held after.

Cliff updated on canal water testing. Most significant is a plan to test all waterways in Hollywood, with a view to environmental health and the possibility of increased recreational and economic use.

Idelma Quintana and Mel Pollack did a photographic before and after exhibit to update the Johnson Street Project. 12 businesses have taken part so far. However, one major impact is the decision by the various participants to come together as a business group, with business supporting the residents and vice versa. An awards ceremony will be held in the fall, to express our appreciation of these pioneers. We look to spend c.\$25 per award.

It was noted that The Hillcrest Charter School was approved, and that there are more charter schools in the pipeline.

Waste Disposal data is still outstanding.

Pete Brewer brought up the Sheridan Station project which has been under consideration since 2007. He believes that a park in this area would be an appropriate place to name after Chuck Vollman. We do not know the present status of the preservation area, of which some was to be donated to the City of Hollywood. Charlotte will write a letter to the city to ascertain where we are re: the feasibility of such a park at this time.

Mel brought up the 441 Project, the city's future, and that we have a golden opportunity at this time to clarify our building codes, to decide what we want, what kind of businesses, and what kind of zoning restrictions. Charlotte will write a letter to the Commission, voicing our interest and concern, and we are all encouraged to contact our individual commissioners.

The question was brought up about whether we should have summer meetings. A tentative July meeting is planned.

Meeting was adjourned.
